

PLATFORM OF THE
Independent Home-Rule
PARTY.

Adopted in Island Convention in Honolulu, H. I., June 7, 1900.

PREAMBLE.

"We believe that all governments founded on an independent basis should be secured of freedom without oppression. We believe in equal rights and freedom for all the people."

"We believe man is born with a right to be independent and that every person is equal in the eye of the law. We believe that he is endowed with all the privileges of life, liberty and the right to choose that which will contribute to his best advantage."

"We believe in protection against suppression. We believe that we should strive to secure equal rights for the people, by the people and of the people."

"Equal rights for the people" is the motto adopted in the platform.

The belief of the independent party is that the successful candidates in the legislature of the Territory of Hawaii should strive in every way to secure the consent of the congress of the United States to make a state of the Territory of Hawaii and to pledge ourselves to support all good and equal provisions that either the republican or democratic parties of the United States may see fit to enact.

We further pledge ourselves to support that political party in the United States that will work to make Hawaii a state.

We intend to strive in every way possible to secure from the United States benefits and privileges for the natives and other citizens alike who will work together for the good of the country, regardless of color. We also intend to strive toward the end that our representatives shall formulate the best laws for the people.

Our legislators should strive to obtain homesteads for American citizens of the Territory of Hawaii out of the lands that have been taken over by the United States.

They should also strive to set aside an appropriation for the payment of just claims or damages by fire, caused by the burning of Chinatown in Honolulu and other places by the board of health in connection with the suppression of bubonic plague in 1900.

They should further strive to encourage education, industrial pursuits, farming, road making, railroads and both foreign and local commerce that will redound to the advantage of the country.

We stand opposed to monopolies, to any attempt at a restriction of the voting privilege of natives or citizens who think as they do, that might be attempted later. We stand opposed to the heavy taxation of the people, the restriction of the jury rights of the natives and to all other restriction of the rights of the people.

We declare that labor, other than by contract, on government work either mechanical or industrial, shall not exceed eight hours a day.

Labor on government contracts or otherwise, either direct or indirect, shall be performed by citizens of the Territory of Hawaii.

We pledge ourselves to resist the furtherance of trusts in the Territory of Hawaii.

We are pledged to earnest and unceasing effort to secure for all those persons imprisoned by the martial law rule of 1898 and by sentence of the military commission of 1898 such financial reparation as is their just due."

The above is the correct PLATFORM OF THE INDEPENDENT HOME RULE PARTY.

JAMES K. KAULIA,
President Aloha Atma.

RIO BROUGHT STOCK
NEWS FROM THE COAST

The Rio from the coast brought a batch of orders for stock and news of the banks of Honolulu immovable at the port.

H. F. Billingsley and E. E. Paxton, after successfully floated the Oiza bonds in San Francisco, will return on the Queen. As a result of the floating of the Oiza bonds inquiries for the stock have come here and three large orders are known to have arrived aggregating some six or seven thousand shares.

In speaking of the present condition of affairs in the money market a well known member of the Mountain Stock Exchange said yesterday:

"Just at present and until the first of December the banks will be a little tight with money, as the taxes are due on the first of November and delinquent on the fifteenth. Letters lately received show a desire of foreign investors to send money here, and there is no doubt in the event of McKinley's election several big deals that have been in the wind for some time will go through all right."

"During this week a purchase of \$100,000 of Hawaiian government 5 per cent was made by outside parties by Watkinson & Co. and although the bonds were picked up here at a slight discount the money will stay here and help out a little."

It Happened in a Drug Store.

One day last winter a lady came to my drug store and asked for a brand of cough medicine that I did not have in stock, says Mr. C. H. Grieve, the popular druggist of Oneida, N. Y. "She was disappointed and wanted to know what cough preparation I could recommend. I said to her that I could freely recommend Chamberlain's Cough Remedy and that she could take a bottle of the remedy and after giving it a fair trial if she did not find it worth the money to bring back the bottle and I would refund the price paid. In the course of a day or two the lady came back in company with a friend in need of a cough medicine and advised her to buy a bottle of Chamberlain's Cough Remedy. I consider that a very good recommendation of the remedy." The remedy owes its great popularity and extensive sale in a large measure to the personal recommendations of people who have been cured by it. It is for sale by Benson, Smith & Co., general agents, Territory of Hawaii.
